P R E A M B L E

Whereas, it is essential to safeguard the interest of the public at large and that of the government by regulating the participation of the persons and other legal entities engaged in the field of construction by setting certain rules and standards to be observed for purposes of safety, quality works and efficiency:

Whereas, construction plays a key role in the national economic development:

Whereas, the private construction sector can play a role in this national endeavor:

Whereas, to determine the capacity and extent of participation of the private sector it is necessary to know the available manpower and field of specialization of the individuals and firms in view of overall planning:

Now, therefore, the Ministry of Works and Urban Development, in accordance with the powers and duties conferred on it by the definition of powers and duties of the Executive Organs of the Federal Democratic Republic of Ethiopia Proclamation No.691/2005 and Ethiopian Building Proclamation No. 624/2009 " License private construction contractors; Determine their standards and supervise their activity; register engineers, architects, surveyors and other construction professionals according to their qualification, " Has hereby issued these amended Directives for the Registration of Construction Professionals and Contractors.

- 2) The requirement for Education and experience and the scope of professional engagement for each professional are given herein and registration in the field of construction may be effective as follows:-

19. Graduate Engineers and Architect

1) Education

Applicant must hold at least B.Sc degree in Architecture or the equivalent qualification in an approved course in architecture of the respective profession from a recognized university or similar institution;

2) Experience

Applicant may have up to five years experience relevant to the field applied for. However, lack of it does not disqualify him from this registration;

3) Professional Engagements

Applicant may be engaged either part – time or full – time in construction works of all categories of projects.

PART Two

REGISTRATION OF CONSTRUCTION PROFESSIONALS

18. The registration of Construction Professionals

- 1) The registration of Construction Professionals refers to the following graduates and professionals:
 - a. Civil Engineers
 - b. Architects
 - c. Associate Engineers (building or civil)
 - d. Engineering Aides (building or Civil)
- 2) The requirement for Education and experience and the scope of professional engagement for each professional are given herein and registration in the field of construction may be effective as follows:-

19. Graduate Engineers and Architect

1) Education

Applicant must hold at least B.Sc degree in Architecture or the equivalent qualification in an approved course in architecture of the respective profession from a recognized university or similar institution;

2) Experience

Applicant may have up to five years experience relevant to the field applied for. However, lack of it does not disqualify him from this registration;

3) Professional Engagements

Applicant may be engaged either part – time or full – time in construction works of all categories of projects.

20. Professional Engineers and Architects

1) Education

Applicant must hold at least a Bsc Degree or the equivalent qualifications in an approved course , in architecture or engineering from a recognized university or similar institutions.

2) Experience

Applicant shall submit satisfactory evidence of not less than five years of relevant experience in the field of construction, acquired after graduation.

3) Professional Engagements

Applicant must be engaged full - time in responsible positions in civil construction works such as building, transport, dams, ports, etc

21. Graduate Associate Engineer

1) Education

Applicant must hold a diploma or the equivalent qualification in an approved course in Building or Civil Engineering from a recognized university or similar institution.

2) Experience

Applicant may have up to seven years of relevant experience in Building or Civil Engineering construction works. However, lack of it does not disqualify him from this registration.

3) Professional Engagements

Applicant may be engaged either part - time or full - time in building or civil engineering construction works.

22 Associate Engineer

1) Education

Applicant must hold a diploma or the equivalent qualification in an approved course in Building or Civil Engineering from a recognized university or similar institution.

2) Experience

Applicant shall submit satisfactory evidence of not less than seven years of relevant experience in Civil Construction Works, acquired after graduation.

3) Professional Engagements

Applicant must engaged full – time in responsible positions in civil construction works.

23. Graduate Engineering Aides

1) Education

- 3) Application for registration as a contractor in accordance with these Directives may be submitted in one of the following categories;
 - a/ "GC" General Contractors ... Contractors who are qualified to undertake a variety of construction works such as building, roads railways bridges, airports, and dams. Etc.
 - b/ "BC" Building contractors ... Contractors who are qualified to undertake building construction and related works.
 - c/ "RC" Road Contractors ... Contractors who are qualified to undertake construction of roads and other related works.
 - d/ "SC" Specialized Contractors ... These are contractors who are qualified to undertake construction activities in specialized fields;
- 4) Application for registration as a Special contractor in accordance with these Directives may be submitted in one of the following categories;
 - a/ Electro - Mechanical (SC - EM)

Contractors who are qualified to undertake electro-mechanical installation works such as electrical installation, lift and machine erection, boiler and pump installation, ventilation, air conditioning and related works.
 - b/ Painting and Decorations (SC - PD)

Contractors who are qualified to undertake specialized works such as painting, wall papering, curtain works, ceiling and wall decorations, neon and other forms of advertising etc.

c/ Sanitary Installation (SC - SI)

Contractors who are qualified to undertake sanitary installation works such as interior Plumbing, installation of water tanks, installation of water pumps, fixing of sanitary wares and other related activities.

d) Wood and Metal Works (SC - WM)

Contractors who are qualified to undertake wood and metal works such as Fabrication and Installation of wooden doors, windows, built-in cupboards, shelves wooden partition walls, glassing works, etc and Fabrication and installation of metal doors, windows, steel trusses, form works, water, tanks etc..

e) Landscaping (SC - LS)

Contractors who are qualified to undertake Landscaping and other related activities.

27. Grades

- 1) Contractors of categories "GC", "BC" and "RC" may register in one of the following grades based on the construction costs of project.

Categories	Grade	Construction Cost (Birr)		
		BC	RC	GC
(GC,BC,RC)	1	Above 210,000,000	Above 300,000,000	Above 350,000,000
(GC,BC,RC)	2	Up to 210,000,000	Up to 300,000,000	Up to 350,000,000
(GC,BC,RC)	3	Up to 160,000,000	Up to 225,000,000	Up to 270,000,000
(GC,BC,RC)	4	Up to 110,000,000	Up to 154,000,000	Up to 185,000,000
(GC,BC,RC)	5	Up to 54,000,000	Up to 76,000,000	Up to 100,000,000
(GC,BC,RC)	6	Up to 27,000,000	Up to 38,000,000	Up to 45,000,000
(GC,BC,RC)	7	Up to 11,000,000	Up to 15,000,000	Up to 18,000,000
(GC,BC,RC)	8	Up to 5,400,000	Up to 7,500,000	Up to 9,000,000
(GC,BC,RC)	9	Up to 3,000,000	Up to 4,200,000	Up to 5,000,000
(GC,BC,RC)	10	Up to 1,000,000	Up to 1,500,000	Up to 1,800,000

c/ Sanitary Installation (SC - SI)

Contractors who are qualified to undertake sanitary installation works such as interior Plumbing, installation of water tanks, installation of water pumps, fixing of sanitary wares and other related activities.

d) Wood and Metal Works (SC - WM)

Contractors who are qualified to undertake wood and metal works such as Fabrication and Installation of wooden doors, windows, built-in cupboards, shelves wooden partition walls, glassing works, etc and Fabrication and installation of metal doors, windows, steel trusses, form works, water, tanks etc..

e) Landscaping (SC - LS)

Contractors who are qualified to undertake Landscaping and other related activities.

27. Grades

- 1) Contractors of categories "GC", "BC" and "RC" may register in one of the following grades based on the construction costs of project.

Categories	Grade	Construction Cost (Birr)		
		BC	RC	GC
(GC,BC,RC)	1	Above 210,000,000	Above 300,000,000	Above 350,000,000
(GC,BC,RC)	2	Up to 210,000,000	Up to 300,000,000	Up to 350,000,000
(GC,BC,RC)	3	Up to 160,000,000	Up to 225,000,000	Up to 270,000,000
(GC,BC,RC)	4	Up to 110,000,000	Up to 154,000,000	Up to 185,000,000
(GC,BC,RC)	5	Up to 54,000,000	Up to 76,000,000	Up to 100,000,000
(GC,BC,RC)	6	Up to 27,000,000	Up to 38,000,000	Up to 45,000,000
(GC,BC,RC)	7	Up to 11,000,000	Up to 15,000,000	Up to 18,000,000
(GC,BC,RC)	8	Up to 5,400,000	Up to 7,500,000	Up to 9,000,000
(GC,BC,RC)	9	Up to 3,000,000	Up to 4,200,000	Up to 5,000,000
(GC,BC,RC)	10	Up to 1,000,000	Up to 1,500,000	Up to 1,800,000

2) Notwithstanding of the provision of sub article 25 (1);

- a/ Contractors of category of BC 10 to 7 are not permitted to build above Two floors;
- b/ Contractors of category of BC 6 and 5 are not permitted to build above eight floor;
- c/ Contractors of category of BC 4 to 2 are not permitted to build above Twelve floor;
- d/ The information relating to Grades of contractors referred to in sub article (1), (2) and (3) of this article shall includes basements;

3) Exceptions for Civil Servants;

- a/ Professional engineers & Architects 10 Years of service
- b/ Associate Engineers 12 Years of service
- c/ Engineering Aides 15 Years of service
- d/ Construction superintendents with Special Training in engineering works
18 Years of service

4) Exceptions for Contractors;

- a/ With sufficient experience in construction works, with proper release from their employers and who wish to be contractors, may initially be registered as construction contractors in Grade 6 & in Grade 7, in one of the categories for which they are qualified, without manpower and equipment requirements. However once they are registered as contractors, they will have to provide sufficient manpower and equipment for the project they undertake to successfully complete the work in accordance with the terms of their contract. For upgrading they will have to meet all requirements in these Guidelines specified for the requested Grade.
- b/ In the sub - clause 4(a) case General contractor is classified as General Contractor A (GC) – Contractors who are qualified to under take any construction works, General Contractor B (BRC) – Contractors who are qualified to under take all Building and Road construction works, General Contractor C (RWC) – Contractors who are qualified to under take a construction of only Roads and Water Sector works, General Contractor D (BWC) – Contractors who are qualified to under take a construction of only Building and Water Sector works,

2) Notwithstanding of the provision of sub article 25 (1);

- a/ Contractors of category of BC 10 to 7 are not permitted to build above Two floors;
- b/ Contractors of category of BC 6 and 5 are not permitted to build above eight floor;
- c/ Contractors of category of BC 4 to 2 are not permitted to build above Twelve floor;
- d/ The information relating to Grades of contractors referred to in sub article (1), (2) and (3) of this article shall includes basements;

3) Exceptions for Civil Servants;

- a/ Professional engineers & Architects 10 Years of service
- b/ Associate Engineers 12 Years of service
- c/ Engineering Aides 15 Years of service
- d/ Construction superintendents with Special Training in engineering works
18 Years of service

4) Exceptions for Contractors;

- a/ With sufficient experience in construction works, with proper release from their employers and who wish to be contractors, may initially be registered as construction contractors in Grade 6 & in Grade 7, in one of the categories for which they are qualified, without manpower and equipment requirements. However once they are registered as contractors, they will have to provide sufficient manpower and equipment for the project they undertake to successfully complete the work in accordance with the terms of their contract. For upgrading they will have to meet all requirements in these Guidelines specified for the requested Grade.
- b/ In the sub - clause 4(a) case General contractor is classified as General Contractor A (GC) – Contractors who are qualified to under take any construction works, General Contractor B (BRC) – Contractors who are qualified to under take all Building and Road construction works, General Contractor C (RWC) – Contractors who are qualified to under take a construction of only Roads and Water Sector works, General Contractor D (BWC) – Contractors who are qualified to under take a construction of only Building and Water Sector works,

and Water works contractor (WWC) who are qualified to under take water work constructions.

5) Contractors of Category "SC" register in one of the following grades based on the cost of construction or installation of the specialized trades.

Category	Grade	Construction Cost (Birr)		
		BC	RC	GC
GC,BC,RC	1	Above 54,000,000	Above 76,000,000	Above 100,000,000
GC,BC,RC	2	Up to 27,000,000	Up to 37,800,000	Up to 45,000,000
GC,BC,RC	3	Up to 11,000,000	Up to 15,000,000	Up to 18,000,000
GC,BC,RC	4	Up to 5,400,000	Up to 7,600,000	Up to 9,000,000
GC,BC,RC	5	Up to 3,000,000	Up to 4,200,000	Up to 5,000,000
GC,BC,RC	6	Up to 1,100,000	Up to 1,500,000	Up to 2,000,000

28. Experience and qualification Requirements

1/ Applicant and/or Technical Manager

An applicant and/or his technical manager, for registration as a contractor under these Guidelines, shall have the experience and qualification listed here below.

2/ Staff Requirements

- a/ When a contractor registered under these Directives, the work permit license shall be given under the name of the Technical Manager in which case both the owner and Technical Managers' name shall be listed on the identification;
- b/ For grades 1 and 2 the general or technical manager shall be a registered Professional Engineer IV (PE IV).
- c/ For grades 3 and 4 the general or technical manager shall be a registered Associate Engineer IV (AEIV) or Professional Engineer III (PEIII) for Grades

- (RC or BC) the general manager or ~~technical manager~~ shall be registered Associate Engineer III (AEIII).
- d/ For grade 5(GC) the general or ~~technical manager~~ shall be registered professional Engineer (PEII) or Associate Engineer III.
- e/ For grade 6 (GC) general manager or ~~technical manager~~ shall be a registered Associate Engineer (AEII) or Professional Engineer I(PEI)
- f/ For grade 7 and 8 the general or technical manager shall be a registered Engineering Aids or construction superintendent with 18 years of relevant experience.
- g/ For grades 9 and 10 the applicant shall be able to read, understand and interpret blue prints and should have at least seven years of practical experience in construction works, or should be Graduate Engineer or Graduate Associate Engineer with at least two years of construction experience, or should be Graduate Engineering Aide with 4 years of construction experience.

3/ Staff Requirement Chart

	Grade	Required Staff	No.
1	GC-1 & 2	Prof. Eng. IV or above	2
		Ass. Eng. IV or above	1
		Ass. Eng. III or above	1
		Eng. Aide III or above	1
		Eng. Aide II or above	2
1	GC-3 & 4	Prof. Eng. III or above	1
		Ass. Eng. III or above	1
		Ass. Eng. II or above	1
		Eng. Aide II or above	1
		Eng. Aide I or above	1
3	GC-5	Prof. Eng. II or above	1
		Ass. Eng. II or above	1
		Ass. Eng. I or above	1
		Eng. Aide I or above	2
	BC-1 & 2	Prof. Eng. IV or above	1
		Ass. Eng. IV or above	2
	RC-1 & 2	Eng. Aide II or above	2
		Eng. Aide II or above	1
5	BC-3 & 4	Prof. Eng. III or above	1
		Ass. Eng. III or above	1
	or RC-3 & 4	Eng. Aide II or above	1
		Eng. Aide I or above	1
6	(BC,RC) -5	Associate Eng. II or above	1
		Engineering Aide I or above	
7	(GC,BC,RC) -6	Associate Eng. II or above	1
		Graduate Eng. Aide	1
8	(GC, BC, RC) -7	Eng. Aide I or above	1
		Graduate Eng. Aide or above	1
9	(GC, BC, RC) -8	Engineering Aide I or above	1

N.B:- For Building contractors from Grade 1 up to 4 the professional Engineer can be substituted by professional Architects.

29. Substitution Rules for Qualification Requirement

Requirements under section 28 (.3) above may alternatively be considered using the following substitution guide.

- 1) Professional Engineer I - Associate Engineer IV
- 2) Associate Engineer II - Engineering Aide VI
- 3) Engineering Aide I- Graduate Associate Engineer + 4 years of relevant experience or construction superintendent + 15 years of relevant experience.

30 Financial and Equipment Requirement

- 1) An applicant for registration as a contractor under this Directives shall submit;
 - a/ Records of past performance and audited statement of accounts.
 - b/ Number, type and capacity of equipment.
- 2) The minimum number of equipment required for general contractors registered in grades 1 to 10 is shown in SCHEDULE 2 of this guideline.
- 3) The minimum number of equipment required for building contractors registered in grades 1 to 10 is shown in SCHEDULE 3 of this guideline.
- 4) The minimum number of equipment required for road contractors registered in grades 1 to 10 is shown in SCHEDULE 4 of this guideline
- 5) The minimum number of equipment required for specialized contractors registered under sub - categories grade 1 to 6 are shown in SCHEDULE 5 of this guideline.
- 6) An applicant for registration as a contractor under this directives shall be evaluated to grade and category to which he qualifies based on the equipment ownership or equipment and capital or capital he owned.

31. Variation of Categories and Grades

- 1) Subject to the approval of the Minister, the committee may at any time upon application being made to it or on its own initiative vary the category or grade in which a contractor is registered, if it is of the opinion that having examined the

financial, experience, staff and other resources or quality of performance of the contractor, such a variation should be made.

- 2) Where a variation made under sub article 31 (1) of this Directive amounts to a down grading, the committee shall before reaching its final decision, follow the procedure laid down in part 1 of this Directives in respect to article 14 hearing.
- 3) Upon the variation of the category or grade in which a contractor is registered, the contractor shall cease to be registered in that previous category and grade and shall not carry on business as a contractor registered in that category or grade but may carry on business as a contractor in the new category and grade in which he or she is registered.
- 4) Existing contractors may apply for Grade and Category change only once in a Fiscal Year provided that they are able to meet fully all requirements set forth in these guidelines.

32. Registration and Renewal Fees for Contractors in all categories

Grades	Registration Fees/ Birr	Renewal Fees/ Birr
1	5000.00	2500.00
2	4750.00	2375.00
3	4400.00	2200.00
4	3300.00	1600.00
5	2200.00	1100.00
6	1500.00	750.00
7	1200.00	600.00
8	1050.00	525.00
9	1000.00	500.00
10	500.00	250.00

33 Registration and Renewal Fees for An individuals and a group of individuals

- 1) An individuals or a group of individuals may register with the ministry as an expertise for renting construction equipment, if they are able to provide reliable repair facilities and the necessary spare parts;

2) The registration and renewal fees will be as follows;

Value of equipment Owned (Birr)	Registration Fees/ Birr	Renewal Fees/ Birr
Above 20,000,000	5000.00	2500.00
15,000,001 - 20,000,000	4500.00	2250.00
10,000,001 - 15,000,000	4000.00	2000.00
5,000,001 - 10,000,000	3000.00	1500.00
2,500,001 - 5,000,000	2000.00	1000.00
1,000,001 - 2,500,000	1000.00	500.00
500,001 - 1,000,000	500.00	250.00
250000 - 500000	300.00	150.00

34. Effective Date

These Directives shall inter into force as of Hamle 1,2005 EC.
